

## **Burns & McDonnell**

### **Overview:**

Burns & McDonnell is a full-service engineering, architecture, construction, environmental and consulting solutions firm. Our multi-disciplined staff of more than 2,500 employee-owners includes engineers, architects, construction experts, planners, estimators, economists, technicians and scientists, representing virtually all design disciplines. We plan, design, permit, construct and manage facilities all over the world, with one mission in mind: **Make our clients successful.**

### **Mission:**

Our mission: Make Our Clients Successful.

At Burns & McDonnell, our multi-disciplined staff of more than 2,500 employee-owners is focused on our clients' success in every facet of the projects in which we are engaged. As a 100 percent employee-owned firm, each of us has a vested interest in the success of every project and client. More than 80 percent of our projects come from repeat clients. They know our mission is to serve them well, and they know that they are dealing with concerned owners in every aspect of our relationship.

### **Products and Services:**

Burns & McDonnell is a worldwide engineering, architecture, construction, environmental and consulting firm. Our mission is to make our clients successful. We do this in a broad cross-section of markets that touch lives in many ways, from electricity to drinking water, from roads and airports to manufacturing facilities. Our technical expertise and our commitment to client success come through in every project we do, every day.
