

## Title XI – Personnel and Training Implementation Milestones

This document identifies milestone activities for this title of the Energy Policy Act of 2005 that are likely to be relevant to the Edison Electric Institute and its member companies. Other milestone requirements can be found under other title timelines or timelines organized by agency or issue.

### 1 year after enactment (Aug. 8, 2006):

- **DOE Report on the Energy Technology Industry:** Submit report to Congress on current trends in the energy technology industry and provide recommendations to meet future labor requirements for this industry. §1101

### 2 years after enactment (Aug. 8, 2007):

- **DOE Report on Educational Programs in Science and Mathematics:** Submit report to Congress on results of the National Academy of Public Administration study on the priorities, quality, local and regional flexibility, and plans for educational programs at Department research and development facilities. §1102
- **DOE Report on Partnerships with Historically Black, Hispanic and Tribal Universities:** Submit report to Congress describing the activities (collaborative research, equipment transfer, training, and mentoring) carried out under this section. §1105

### No deadline currently established:

- **DOL Training Guidelines for Non-Nuclear Electric Energy Industry Personnel:** Shall develop model personnel training guidelines to support the reliability and safety of the non-nuclear electric system. §1103
- **DOE National Power Plant Operations Technology and Educational Center:** Shall support the establishment of the Center at an institution of higher learning to address the training and educating of certified operators and technicians for the electric power industry. § 1106

*August 25, 2005*

**EDISON ELECTRIC  
INSTITUTE**

701 Pennsylvania Avenue, N.W.  
Washington, D.C. 20004-2696

Edison Electric Institute (EEI) is the association of U.S. shareholder-owned electric companies, international affiliates, and industry associates worldwide. Our U.S. members serve 97 percent of the ultimate customers in the shareholder-owned segment of the industry, and 71 percent of all electric utility ultimate customers in the nation. They generate almost 60 percent of the electricity produced by U.S. electric generators.

**Contact Us:** If you have questions about the timelines, please contact Joanne Hopkins at [jhopkins@eei.org](mailto:jhopkins@eei.org).
