PROGRAMS AVAILABLE TO NATIONAL ACCOUNTS CUSTOMERS:

CASHBACK electric load curtailment program: Customers who can curtail 100kw or more of electric load when the NY Independent System Operator declares the need to reduce usage to balance supply and demand on peak days receive payment of \$.45/kwh curtailed. Real Time Pricing is now available for those customers able to shift electric usage based on hourly prices.

PRODUCTS AND SERVICES:

Billing Service

Curtailment

Other:

Energy Profiler Online service permits customers to see electric use in 5 minute increments. Charts, graphs, and comparative functions enable customers to identify opportunities for load management and reduction.

Catch The Wind program provides customers an opportunity to demonstrate environmental leadership by supporting wind power.
