 Major South Dakota cities served include Aberdeen, Brookings, Chamberlain, Huron, Madison, Mitchell & Yankton.
 Major Nebraska cities provided with natural gas service include Grand Island, Kearney and North Platte.

STATES SERVED:

MT, SD, NE

GENERAL INFORMATION:

NorthWestern Energy is one of the largest providers of electricity and natural gas in the Upper Midwest and Northwest, serving approximately 608,000 customers in Montana, South Dakota and Nebraska. The foundation of NorthWestern's energy business dates back to 1923, and the corporate headquarters are in Sioux Falls, SD. The utility's electric system has more than 30,500 miles of transmission and distribution lines and natural gas system includes approximately 7,800 miles of transmission and distribution pipelines and storage facilities. NorthWestern Energy has approximately 1,350 full-time employees. The Montana energy operations, which are based in Butte, provide regulated electric and natural gas transmission and distribution services to more than 322,000 electric customers and 174,000 natural gas customers. NorthWestern Energy, as the default supplier, provides electricity and natural gas supply and delivery services to Montana customers who have not yet chosen a competitive supplier or for whom competitive options do not exist. The South Dakota energy operations, based in Huron, provided regulated electric and natural gas services to 59,700 electric customers and 42,001 natural gas customers. The Nebraska operations provides natural gas services to 40,269 customers in Nebraska.
