PROGRAMS AVAILABLE TO NATIONAL ACCOUNTS CUSTOMERS:

Curtailement Program:

We Energies offers customers the opportunity to receive compensation for curtailing load during periods of peak grid capacity/shortfalls at a pre-determined, mutually agreeable price. There are two curtailment options: one option provides economic benefit with no penalties and the other carries with it a liquidated damages clause.

We Energies offers a variety of billing options, including combined gas and electric billing as well as internet access to historic energy usage information and the Energy Analysis program offering the ability to get real time data and historical data in 15 minute demand increments.

PRODUCTS AND SERVICES:

	Consultant		Curtailement	EM Assistance
	Energy Services			Generation
		Metering	New Construction	Peak Shaving

Other:

SERVICE TERRITORY:

We Energies service area is comprised of 18,410 square miles of electric and gas territory in Wisconsin and 5,055 square miles of electric area in Michigan's upper Peninsula. In addition, We Energies provides steam to 462 customers in the downtown Milwaukee area. About 3.3 million people live in the We Energies service areas. We Energies serves over 2 million customers.

STATES SERVED:

MI, WI

GENERAL INFORMATION:

Formerly known as Wisconsin Electric Power Company, We Energies is a subsidiary of Wisconsin Energy Corporation (WEC). In April 2000, Wisconsin Energy Corporation acquired WICOR Inc. creating the largest electric and natural gas provider in Wisconsin. In 2002, Wisconsin Electric-Wisconsin Gas started doing business as We Energies.
