Dion Harding, “The Closer,” is an engaging motivational speaker whose inspiring messages are tailored to meet the needs of his audience. He possesses a strong passion for making a positive impact on the thoughts of his listeners. His energy is contagious!

A native of Gary, Indiana, Dion earned a Bachelor of Science and a MBA from Florida A&M University, and has learned how to turn “Dreams into Realities.” With over 16 years of sales experience for a leading pharmaceutical company, Dion is no stranger to success when it comes to “closing the sale.” Dion has won numerous awards as a top representative, including “Representative of the Year,” and the coveted “Vice President’s Cabinet,” three times.

As an entrepreneur who started in his childhood years, founding and distributing his own newspaper, Dion has successfully established and owned several business ventures. These experiences have led Dion and his wife, Sherrese, to follow his passion for speaking and developing people. He founded 2 B INSPIRED LLC to share his achievements and experiences as an entrepreneur and sales representative in Corporate America.

“Dion spent hours walking us through sales presentations and relationship building tips. He has a remarkable ability to read a person and then be able to change his presentation according to the personality that he is talking to. I can honestly say that I am continually using the foundation that Dion helped build, and that has helped propel me to success!”
