

YOU BRING NEW ENERGY TO WASHINGTON.

WE BRING ELECTRICITY TO THE NATION.

Together, we have the power to change the future with:

- Energy efficiency that allows consumers, electric companies and the country to reduce energy use, lower costs and minimize environmental impacts.
- New and improved generation technologies for a more secure, low-carbon future.
- Plug-in Hybrid Electric Vehicles to move Americans away from imported oil.
- A Smart Grid that empowers consumers to make more informed choices about how they use electricity while ensuring greater efficiency and reliability.

LET'S PUT OUR ENERGY TO WORK.
