Q4 2020  
FINANCIAL UPDATE

QUARTERLY REPORT  
OF THE U.S. INVESTOR-OWNED  
ELECTRIC UTILITY INDUSTRY

### About EEI

EEI is the association that represents all U.S. investor-owned electric companies. Our members provide electricity for 220 million Americans, and operate in all 50 states and the District of Columbia. As a whole, the electric power industry supports more than 7 million jobs in communities across the United States. In addition to our U.S. members, EEI has more than 60 international electric companies, with operations in more than 90 countries, as International Members, and hundreds of industry suppliers and related organizations as Associate Members. Organized in 1933, EEI provides public policy leadership, strategic business intelligence, and essential conferences and forums.

### About EEI's Quarterly Financial Updates

EEI's quarterly financial updates present industry trend analyses and financial data covering 44 U.S. investor-owned electric utility companies. These 44 companies include 39 electric utility holding companies whose stocks are traded on major U.S. stock exchanges and five electric utilities who are subsidiaries of non-utility or foreign companies. Financial updates are published for the following topics:

- Stock Performance
- Dividends
- Credit Ratings
- Rate Review

EEI Finance Department material can be found online at: [www.eei.org/QFU](http://www.eei.org/QFU).

### For EEI Member Companies

The EEI Finance and Accounting Division maintains current year and historical data sets that cover a wide range of industry financial and operating metrics. We look forward to serving as a resource for member companies who wish to produce customized industry financial data and trend analyses for use in:

- Investor relations studies and presentations
- Internal company presentations
- Performance benchmarking
- Peer group analyses
- Annual and quarterly reports to shareholders

# The 44 U.S. Investor-Owned Electric Utilities

The companies listed below all serve a regulated distribution territory. Other utilities, such as transmission provider ITC Holdings, are not shown below because they do not serve a regulated distribution territory. However, their financial information is included in relevant EEI data sets, such as transmission-related construction spending.

ALLETE, Inc. (ALE)  
Alliant Energy Corporation (LNT)  
Ameren Corporation (AEE)  
American Electric Power Company, Inc. (AEP)

# Companies Listed by Category

## (Based on Business Segmentation Data as of 12/31/2019)

Please refer to the Quarterly Financial Updates webpage for previous years' lists.

Given the diversity of utility holding company corporate strategies, no single company categorization approach will be useful for all EEI members and utility industry analysts. Nevertheless, we believe the following classification provides an informative framework for tracking financial trends and the capital markets' response to business strategies as companies depart from the traditional regulated utility model.

Regulated  
Mostly Regulated

80% or more of total assets are regulated  
Less than 80% of total assets are regulated

Categorization is based on year-end business segmentation data presented in SEC 10-K filings, supplemented by discussions with and information provided by parent company IR departments.

The EEI Finance and Accounting Division continues to evaluate our approach to company categorization and business segmentation. In addition, we can produce customized categorization and peer group analyses in response to member company requests. We welcome comments, suggestions and feedback from EEI member companies and the financial community.

# Q4 2020 Dividends

## HIGHLIGHTS

- The investor-owned electric utility industry continued its long-term trend of widespread dividend increases in 2020; 34 companies raised or reinstated their dividend, nearly equaling 2019's 37 companies.
- The percentage of companies that raised or reinstated their dividend during full-year 2020 was 87%, slightly below the record 93% in both 2019 and 2018.
- The average dividend increase in 2020 was 5.1%, with a range of 0.6% to 12.0% and a median increase of 5.3%.
- The industry's dividend payout ratio was 67.7% for the twelve months ended December 31, 2020, exceeding all other U.S. business sectors.
- The industry's average dividend yield was 3.6% on December 31, 2020, trailing only the Energy sector's 5.9%.

## COMMENTARY

The investor-owned electric utility industry continued its long-term trend of widespread dividend increases in 2020. A total of 34 companies increased or reinstated their dividend compared to 37 in 2019, 39 in 2018, 38 in 2017, 40 in 2016 and 36 to 40 companies annually from 2012 through 2015.

The percentage of companies that raised or reinstated their dividend in 2020 was 87%, only slightly below the record high 93% in both 2019 and 2018 and consistent with the historically high 88% in 2017, 91% in 2016 and 85% in 2015. Only 27 of the 65 utilities tracked by EEI increased their dividend in 2003, just prior to the passage of legislation that reduced dividend tax rates. M&A activity reduced the number of publicly traded utilities included in the EEI Index from 65 in 2003 to 39 at year-end 2020. The record high 93% noted above is based on data beginning in 1988.

As shown in the Dividend Patterns table, 38 of the 39

## I. Sector Comparison, Dividend Payout Ratio

*Last Twelve Months*

Sector	Payout Ratio (%)
EEI Index Companies*	67.7%
Industrial	66.5%
Utilities	64.3%
Consumer Staples	56.7%
Materials	49.4%
Consumer Discretionary	39.2%
Financial	38.1%
Technology	30.2%
Health Care	28.9%
Energy	NM

\*For this table, EEI (1) sums dividends and (2) sums earnings of all index companies and then (3) divides to determine the comparable dividend payout ratio (DPR). The EEI Index represents the 12-month period ending 9/30/2020.

EEI Index Companies payout ratio based on LTM common dividends paid and income before nonrecurring and extraordinary items.

S&P sector payout ratios based on 2020E dividends and earnings per share (estimates as of 12/31/2020).

For more information on constituents of each S&P sector see [www.sectorspdr.com](http://www.sectorspdr.com).

If a company raised its dividend twice, this counts as one in the Raised column. / \*Current year figures reflect dividend changes (raised, lowered, etc.) through 12/31/2020 and earnings and dividends through 9/30/2020 (payout ratio). / Source: AltaVista Research, S&P Global Market Intelligence, EEI Finance Department.

### IV. Category Comparison, Dividend Payout Ratio

#### Last Twelve Months

Category	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020*
EEI Index	62.8	64.2	61.5	60.4	67.0	62.9	64.0	63.9	62.6	66.9
Regulated	63.4	62.1	60.5	59.4	68.7	61.1	68.7	60.1	62.1	67.0
Mostly Reg.	63.1	69.7	64.7	63.8	62.6	68.0	53.3	72.8	64.1	66.4
Diversified	54.7	53.4	44.7	56.4	64.9	64.6	--	--	--	--

Regulated: 80% or more of total assets are regulated

Mostly Regulated: Less than 80% of total assets are regulated

Diversified: Prior to 2017, less than 50% of total assets are regulated

\*2020 figures reflect earnings and dividends through 9/30/2020.

Source: EEI Finance Department, S&P Global Market Intelligence and company reports.

publicly traded utilities in the EEI Index were paying a common stock dividend as of December 31, 2020. Each company is limited to one action per year in the table. For example, if a company raised its dividend twice during a year, that counts as one in the Raised column. Companies generally use the same quarter each year for dividend changes, with Q1 the most common for electric utilities.

### 2020 Increases Average 5.1%

The average dividend increase in 2020 was 5.1%, with a range of 0.6% to 12.0% and a median increase of 5.3%.

### V. Category Comparison, Dividend Yield

#### at 12/31/2020

Category	Dividend Yield (%)
EEI Index	3.6
Regulated	3.6
Mostly Regulated	3.4

Regulated: 80% or more of total assets are regulated

Mostly Regulated: Less than 80% of total assets are regulated

Source: EEI Finance Department, S&P Global Market Intelligence and company reports.

NextEra Energy (+12.0% in Q1), Sempra Energy (+8.0% in Q1), WEC Energy (+7.2% in Q1) and DTE Energy (+7.2% in Q4) posted the largest percentage increases.

NextEra Energy, headquartered in Juno Beach, Florida, increased its quarterly dividend from \$1.25 to \$1.40 per share during the first quarter. The increase is consistent with its plan, announced in 2018, to target 12% to 14% annual growth in its dividend per share through at least 2020, measured off a 2017 base. NextEra also recorded the industry's highest percentage increase in 2019 (+12.6%), the second-highest in 2018 (+13.0%) and the highest in both 2017

## VI. Dividend Summary

## Industry Average

66.9%

3.6%

Categories — R = Regulated (80% or more of total assets are regulated), MR = Mostly Regulated (Less than 80% of total assets are regulated); based on assets at 12/31/2019.

Dividend Per Share — Per share amounts are annualized declared figures as of 12/31/2020.

Dividend Payout Ratio — Dividends paid for 12 months ended 9/30/2020 divided by net income before nonrecurring and extraordinary items for 12 months ended 9/30/2020.

Dividend Yield — Annualized Dividends Per Share at 12/31/2020 divided by stock price at market close on 12/31/2020.

NM applies to companies with negative earnings or payout ratios greater than 200%.

While net income is after-tax, nonrecurring and extraordinary items are pre-tax, as there is no consistent method of gathering these items on a tax adjusted basis under current reporting guidelines. On an individual company basis, the Payout Ratio in the table could differ slightly from what is reported directly by the company.

Source: EEI Finance Department and S&P Global Market Intelligence.

(+12.9%) and 2016 (+13.0%, along with Edison International and DTE Energy).

Sempra Energy, based in San Diego, California, raised its quarterly dividend from \$0.9675 to \$1.045 per share in Q1, marking its tenth consecutive annual increase. Sempra increased its dividend by more than 10% annually, on average, over the past ten years.

WEC Energy Group, headquartered in Milwaukee, Wisconsin, raised its quarterly dividend from \$0.59 to

\$0.6325 in the first quarter. This marked its 310th consecutive quarterly dividend, dating back to 1942, and its 17th straight annual increase. WEC Energy continues to target a dividend payout ratio of 65% to 70% of earnings.

DTE Energy, based in Detroit, Michigan, increased its quarterly dividend from \$1.0125 to \$1.085 per share in Q4. DTE has issued a cash dividend for more than 100 years.

The industry's average and median increases have been relatively consistent in recent years. The average was 5.1% in

2019, 5.7% in 2018 and 5.6% in 2017 and 2016. The median was 4.9% in 2019, 5.5% in 2018 and 2017 and 5.1% in 2016.

CenterPoint Energy (CNP), based in Houston, Texas, lowered its quarterly dividend from \$0.29 to \$0.15 per share in Q2. The decrease was driven by the announcement that Enable Midstream Partners, of which CNP owns 53.7%, planned to cut its distributions by 50% thus impacting CNP's cash flow. CenterPoint subsequently increased its quarterly dividend to \$0.16 per share in Q4.

Dominion Energy, headquartered in Richmond, Virginia, reduced its quarterly dividend from \$0.94 to \$0.63 per share in Q4. The decrease relates to the near-term cash flow impact of Dominion's sale of its natural gas transmission and storage assets to Berkshire Hathaway Energy, announced in July. Beginning in 2022, Dominion expects annual dividend-per-share growth of 6%.

### Payout Ratio and Dividend Yield

The industry's dividend payout ratio was 67.7% for the twelve months ended September 30, 2020, exceeding all other U.S. business sectors. The industry's payout ratio was 66.9% when measured as an un-weighted average of individual company ratios; 67.7% represents an aggregate figure. From 2000 through 2019, the industry's annual payout ratio ranged from 60.4% to 69.6%.

While the industry's net income has fluctuated from year to year, its payout ratio has remained relatively consistent after eliminating non-recurring and extraordinary items from earnings. We use the following approach when calculating the industry's dividend payout ratio:

1. Non-recurring and extraordinary items are eliminated from earnings.
2. Companies with negative adjusted earnings are eliminated.
3. Companies with a payout ratio in excess of 200% are eliminated.

The industry's average dividend yield was 3.6% on December 31, 2020, trailing only the Energy sector's 5.9%. The year-end yield was 3.0% in 2019 and 3.4% in each of the three previous years. In 2020, the industry's strong dividend activity and lower overall stock prices resulted in the higher average yield. The market cap-weighted EEI Index had a total return of negative 1.2% in 2020.

We calculate the industry's aggregate dividend yield using an un-weighted average of the yields of EEI Index companies paying a dividend. The strong yields prevalent among most electric utilities have helped support their share prices over the past decade, particularly given the period's historically low interest rates.

### Business Category Comparison

The Regulated category's dividend payout ratio was 67.0% for the 12 months ended September 30, 2020 compared to 66.4% for the Mostly Regulated category. Among these two categories, the Regulated group produced the highest annual payout ratio in 2020, 2017, 2015, 2011, 2010 and in each year from 2003 through 2008.

The Regulated and Mostly Regulated average dividend yields were 3.6% and 3.4% on December 31, 2020, following yields of 3.0% and 3.1% at year-end 2019. The dividend yield for both at year-ends 2018 and 2017 was 3.4%.

### Biden Proposal on Dividend Tax Rates

Although the new Administration hasn't put forward tax proposals, the Biden campaign proposed corporate and personal tax code changes including an increase in capital gains and dividend tax rates for the highest individual tax bracket, applying ordinary income tax rates for those with incomes over \$1 million. The highest individual income tax rate will likely increase from 37.0% to the pre-Tax Cuts & Jobs Act (TCJA) highest rate of 39.6%. No other income tax bracket would incur a dividend tax rate increase.

The top tax rate for dividends and capital gains is currently 20%, with 2021 income thresholds of \$501,600 for couples and \$445,850 for individuals. For taxpayers below these thresholds, dividends and capital gains are currently taxed at rates of 15% or 0%, depending on a filer's income. A 3.8% Medicare tax that was included in 2010 health care legislation is also applied to all investment income for couples earning more than \$250,000 (\$200,000 for singles).

Low dividend tax rates support the industry's ability to attract capital for investment. Maintaining parity between dividend and capital gains tax rates is crucial to avoid a disadvantage for companies that rely on a strong dividend to attract investors. The TCJA, which was signed into law in December of 2017, maintained pre-existing tax rates for dividends and capital gains. ■
