CONVERSION CONVENTION FOR AN INTO CINERGY PRODUCT

This Amendment Agreement (this “Amendment”) is made this ___ day of January, 2002, by and between [Party A] a _____________ corporation (“_______”), and [Party B], a _____________ corporation (“_______”).

WHEREAS, the parties desire to amend the Master Agreement to adopt the Conversion Convention.

NOW, THEREFORE, for the above reasons, in consideration of the mutual covenants herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

This Amendment, the Master Agreement and the Conversion Convention comprise the entire understanding of the parties with respect to the subject matter hereof, and supercedes all prior or other negotiations, representations, understandings and agreements of, by or among the parties, express or implied, oral or written. The express terms of this Amendment control and supercede any course of performance and/or customary practice inconsistent with such terms. Any agreement hereafter made shall be ineffective to change, modify, discharge or effect an abandonment of this Amendment unless such agreement is in writing and signed by the party against whom enforcement of such change, modification, discharge or abandonment is sought.

The parties acknowledge that the Conversion Convention is designed to operate in the “Transition Period,” as defined in the “Open Access Transmission Tariff For the Midwest Independent Transmission System Operator, Inc.” prior to the implementation of an anticipated Congestion Management System. Immediately upon the filing of a proposed Congestion Management System with the Federal Energy Regulatory Commission by the MISO, the parties hereto agree to take commercially reasonable steps to negotiate further modification to the definition of then existing and future “Into Cinergy” products with the goal of such modifications being to preserve an economic result for each of the parties as close as possible to that existing prior to the implementation of the Congestion Management System.
IN WITNESS WHEREOF, the parties have executed this Amendment as of the date first written above.
